

Hair, Skin & Nails Complete

Beauty from Within

Recommended by
Angie Svoboda, Pharm D.

DESCRIPTION

Unfortunately, factors like cold, dry winter weather, aging and sun exposure can lead to less-than-ideal hair, skin and nails health. Our new Hair, Skin & Nails Complete contains potent ingredients like methylsulfonylmethane (MSM), biotin, B6, folate and zinc, as well as collagen, horsetail and hyaluronic acid. This combination was created to assist with healthier hair, skin and nails from the inside out.[†]

FUNCTIONS

The Hair, Skin & Nails Complete formula contains methylsulfonylmethane (MSM), a rich source of sulfur, which is known for promoting hair growth.[†] MSM is also believed to strengthen hair and increase blood supply to the scalp, encouraging fuller, thicker hair.[†]

The formula also includes 5,000 micrograms of biotin, a B vitamin known for keeping hair strong due to its important role in the natural hair-manufacturing process.[†] Hair, Skin & Nails Complete also contains the active, most usable forms of other B vitamins such as B6 and folate to further promote fullness and growth.[†] In addition to these nutrients, zinc is included to stimulate hair growth and help maintain its youthful color.[†]

The hyaluronic acid (HA) in Hair, Skin & Nails Complete helps to replenish HA levels, which decline with age, leading to more moisturized and softer, smoother skin.[†] HA is also known to help support the skin-healing process and enhance dermal tone.[†] The MSM in the formula also aids in helping to keep skin soft, supple and smooth.[†] Hair, Skin & Nails Complete doesn't stop there. This formula also contains horsetail herb extract, a rich source of silicon.[†] Silicon is necessary in the body to produce full, shiny hair and promotes collagen synthesis.[†] The additional 500 mg of collagen in the formula helps to promote firm, hydrated skin.[†] HA provides synergistic support by nourishing and hydrating collagen.[†] The combination of ingredients promotes the action of each through such synergistic effects.

Biotin in the Hair, Skin & Nails Complete formula also helps to strengthen nails and may keep them from becoming brittle.[†] Furthermore, the primary mineral in nails is silicon. That's

why silicon-rich horsetail herb extract may help to further promote strong nails.[†]

INDICATIONS

Hair, Skin & Nails Complete is recommended for anyone wishing to promote hydrated skin and lips, healthy growth of hair and nails, cell recovery, dry skin moisturization from within, while adding these elements to a healthy aging nutrition regimen.[†]

FORMULA (WW #10463)

1 Capsule Contains:

Vitamin A (as retinyl palmitate).....	800 mcg
Vitamin C (as ascorbic acid).....	100 mg
Vitamin D3 (as cholecalciferol).....	20 mcg (800 IU)
Thiamin (as thiamin HCl).....	5 mg
Riboflavin.....	5 mg
Niacin (as niacinamide).....	5 mg
Vitamin B6 (as pyridoxal-5-phosphate).....	5 mg
Folate (as l-methyltetrahydrofolate).....	800 mcg DFE
Biotin.....	5,000 mcg
Pantothenic acid (As Ca d-pantothenate).....	100 mg
Iodine (from kelp).....	150 mcg
Zinc (as zinc bisglycinate chelate) (TRAACS™)	10 mg
Selenium (as L-selenomethione).....	100 mcg
Collagen hydrolysate (from bovine).....	500 mg
Methylsulfonylmethane (MSM).....	100 mg
Hyaluronic acid.....	20 mg
Horsetail (<i>Equisetum arvense</i>) herb extract.....	5 mg

Other Ingredients: Hypromellose (capsule), microcrystalline cellulose, vegetarian leucine.

(Continued on following page)

SUGGESTED USE

As a dietary supplement, adults take 2 capsules daily, or as directed by a healthcare professional.

SIDE EFFECTS

No adverse effects have been reported.

STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
